BRIGHT PINK AAR? CHRYSLER'S FACTORIES CAN ACCOMMODATE

Welcome to the 23rd annual Carlisle Chrysler Nationals! Let's face it, this is more than just a show because we are celebrating more than just a hobby — it's a lifestyle for most of us. The best part is, it can be whatever you want it to be. If you prefer OE stock, have at it. If you like modified Mopars, build the wildest thing your imagination (and wallet) will allow. Then there are drivers, drag cars, trucks, late models and so on. On the opposite end of the spectrum are Jeeps.

If you've been reading my welcome column for the past several years, you've seen my Mopar journey from the '66 Charger that brought me home from the hospital, to the '73 Dart I drove during high school, to my Hotchkis-equipped '67 Belvedere. This year I bring you my Jeep Wrangler. I've been a Jeep owner for more than 10 years and have realized just how different they are from the rest of the Mopar lifestyle.

I began to wonder if owning a Jeep made me less of a Mopar guy because it doesn't matter if it's original or correct. Very little time is spent cleaning a Jeep (other than hosing it off when needed) and it only goes to car shows when I have nothing else available. Eventually, it hit me — owning a Jeep just adds diversity. You'll see more Jeeps at the show this year, as we are finding more Mopar fans who also understand the "Jeep thing."

You'll also see more Max Wedges than ever before as we celebrate the Orange Monster in Building G. This display will include Arlen Vanke and his '63 Max Wedge as well as Roger Lindamood and two of his Color Me Gone race cars. In total, you can expect more than two dozen Max Wedges from stock to race!

Last, but certainly not least, we are featuring the Women of Mopar this weekend in Building Y. These are the ladies who live and breathe Mopar just as much as any guy in the hobby. We even have one owner who has been attending the show since she was born!

— Ed Buczeskie, Event Manager

Welcome to one of the largest gatherings of Mopar lovers in the world. This weekend is all about the Pentastar brands, and there are over 2,400 vehicles here representing everything from vintage Imperials to modern Ram pickups. This is the place to be if you're in the market for a Dodge or Plymouth muscle car, a vintage part for your Power Wagon, Chrysler-themed automobilia, or just a good time around some of the most dynamic and colorful American cars ever built.

To me, Chrysler has always stood out as an American manufacturer because of its tendency to build exactly what the public wants, and that has made it different from the pack. From the stripped-down Road Runner to the Viper and Prowler, Chrysler has always been willing to break convention and set a new bar for style and performance — and where else could you get a bright pink Trans Am special from the factory?

I've always liked Mopars, but I'd never owned one until I bought a 2006 Charger SRT8 about a year ago. It's my dual-purpose machine — part fun driver and part family car for hauling my 1-year-old daughter, Katie. The Charger is a monster at the drop of the pedal — everything you'd want in a modern muscle car. But it's still docile enough to tool around town like a minivan. Even though I've traditionally been a GM guy, for my budget and my list of needs, the SRT was the perfect choice. It's hands-down the best car I've ever owned.

If you're into Mopar, then you owe it to yourself to check out American Car Collector magazine. Each issue contains vintage as well as modern Mopars that have sold at auction, and the prices they achieved. It's a great way to keep up with the collectorcar market. Pick up a free issue at guest services, and check out our special subscription offer in this guide.

SPECIAL GUESTS

CHRISTINE

Special Guests and Movie Car Here to Celebrate 30 Years

2013 marks the 30th anniversary of the Hollywood film "Christine." Join cast members, plus a car used in the film and celebrate not only the film, but also its place in automotive history. You can see an actual car that was in the film (there were many) and meet film stars Alexandra Paul, William Ostrander, Malcolm Danare and Steven Tash. All four are scheduled to sign autographs and meet fans all weekend in Building T. In addition, the car and owner will be close by to talk about how he procured the famous Fury.

Alexandra Paul, who played co-lead Leigh Cabot and girlfriend of the Cunningham character, has starred in more than 70 films and/or television programs. Along with her "Christine" credit, she's famously known for her role of Stephanie Holden on "Baywatch." Still very much active today and when not filming, Paul can be found doing something physical as she's also a competitive endurance athlete. She's competed in marathons, triathlons and has completed numerous other physically grueling challenges.

The additional cast members each played key roles in the film and are being billed as "The Wrecking Crew," so named due to the scene where a gang of bullies destroys Christine in a garage where she's being kept. The crew consists of William Ostrander, Malcom Danare and Steven Tash.

William Ostrander, who played the longhaired bully Buddy Repperton and nemesis to leading character Arnie Cunningham and the car itself, returns to Carlisle where he most recently appeared in 2011. Along with his work in "Christine," Ostrander has appeared in "Knots Landing," "Touched by an Angel" and the 1985 miniseries "North and South."

Malcom Danare has appeared in "CSI: Miami," the 1996 summer blockbuster "Independence Day," "European Vacation," "Flashdance," the "Godzilla" television series and others. Most recently, Danare starred as Kipling in the 2012 made-for-TV movie "Monster High: Escape from Skull Shores." Danare is also featured on the cover of the original soundtrack to "Christine."

Finally, **Steven Tash**, or Rich Cholony to fans of the film, saw a featured spot in early portions of the

original "Ghostbusters" film as well as having a guest role on "Diff'rent Strokes." Currently, Cholony is working with director Anthony Bueno to provide insight into the "Ghostbusters" films as part of a new documentary called "Cleanin' Up the Town: Remembering Ghostbusters."

Certain fees may apply per autograph or photo. Fees are at the discretion of each individual celebrity. Celebrity appearances are subject to change or cancellation based on professional commitments.

Special Guests: The Ramchargers

In 1959 a group of engineers from Chrysler Corporation began to participate in the nation's new craze, "drag racing." They started with a 1949 Plymouth business coupe named "The High and Mighty." By the 1960 race season, this group created the team named *RAMCHARGERS*. The *RAMCHARGERS* were named after the "long-horn" intake manifold that powered the early Chrysler 300 series. In 1963 the *RAMCHARGERS* became nationally famous with two factory-sponsored team cars, each using an automatic transmission. Nicknamed "Candymatic," the cars were white with seven candy-apple red stripes on the top and trunk

deck, along with the name *RAMCHARGERS*, leaning boldly toward the front of the car on each side.

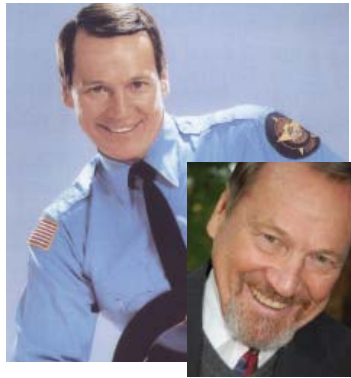

2013 sees the return of Mopar Hall of Famers, the *RAMCHARGERS*. The *RAMCHARGERS* will make appearances in the Mopar and Mancini Racing booths on the Midway. Enthusiasts can sit in on a panel discussion with original members of the *RAMCHARGERS*. *RAMCHARGERS* members include Tom Hoover, Tom Coddington, Mike Buckel, Al Adam, John Wehrly, Dave Rockwell and Dick Skoglund. See schedule for times.

Special Guest: Sonny Shroyer aka "Deputy Enos Strate"

The popularity of the iconic TV series "The Dukes of Hazzard" made its cast and vehicles household names. For example, most people over the age of 40 will know that the General Lee was a car as well as a Civil War icon and who Boss Hogg, Uncle Jesse, and Bo and Luke Duke were. Younger people know that Daisy Dukes are short shorts, even if they don't why they have that name. We've enjoyed hosting stars from the show over the years: 2012 – Catherine Bach (Daisy Duke) and Ben Jones (Cooter Davenport); 2011 – John Schneider (Bo Duke); and 2010 – James Best (Rosco P. Coltrane) and Byron Cherry (Coy Duke). We are very excited to welcome Sonny Shroyer (Deputy Enos Strate) this year.

If you have ever watched an episode of "The Dukes of Hazzard," you've seen Sonny Shroyer play the part of Deputy Enos Strate. Shroyer is here this weekend to meet fans,

sign autographs, pose for photos and reminisce about "The Dukes of Hazzard."

Shroyer, 77, is a Georgia native who attended Florida State University to play football. When an injury ended his career, he transferred back to his home state of Georgia and ultimately graduated from the University of Georgia.

Since breaking into "showbiz," Shroyer has starred in countless films and TV shows, including "The Dukes of Hazzard." Film appearances include the role of Governor Jimmie Davis in "Ray" and Coach "Bear" Bryant in "Forrest Gump."

1977 PLYMOUTH FURY
William Lambing

1969 Dodge Charger
Jett Yaskow
West Seneca, NY

(These two cars are located in the General Lee/Movie Cars/Special Interest/Customs Class on the Showfield – Row 1E 57-77)

Shroyer also has many notable TV appearances, including "Love Boat," "Matlock," "In the Heat of the Night," "Alice," "Hee Haw" and "Knots Landing."

DRAG RACING AT QUARTER ACES

Thursday Evening Kick-Off

Hosted By Mopar Rebellion at CVM Dodge

Kick off your Chrysler weekend at a party hosted by Mopar Rebellion at CVM Dodge in Mechanicsburg. It features raffles, door prizes, inexpensive food, music, great Mopars and more. It is free for participants and spectators and is a great opportunity to socialize with friends in a relaxed atmosphere. Check out www.MoparRebellion.com for more details.

Friday is Collector Car Appreciation Day

Carlisle Events is proud to support Collector Car Appreciation Day. This national event will be held on July 12 and will be celebrated and observed locally as part of the Chrysler Nationals. We'll recognize many who epitomize the Collector Car hobby and have some special awards and prizes available throughout the weekend. There will be a ceremony on Friday at noon.

Drag Racing Friday Night

Everyone is welcome to join us for drag racing on Friday night. Racing takes place at the 1/8-mile, NHRA-sanctioned track of nearby Quarter Aces Drag-O-Way. Qualifying is from 3 to 6 p.m., and Eliminations and Exhibition Passes begin at 6 p.m.

Dyno Testing

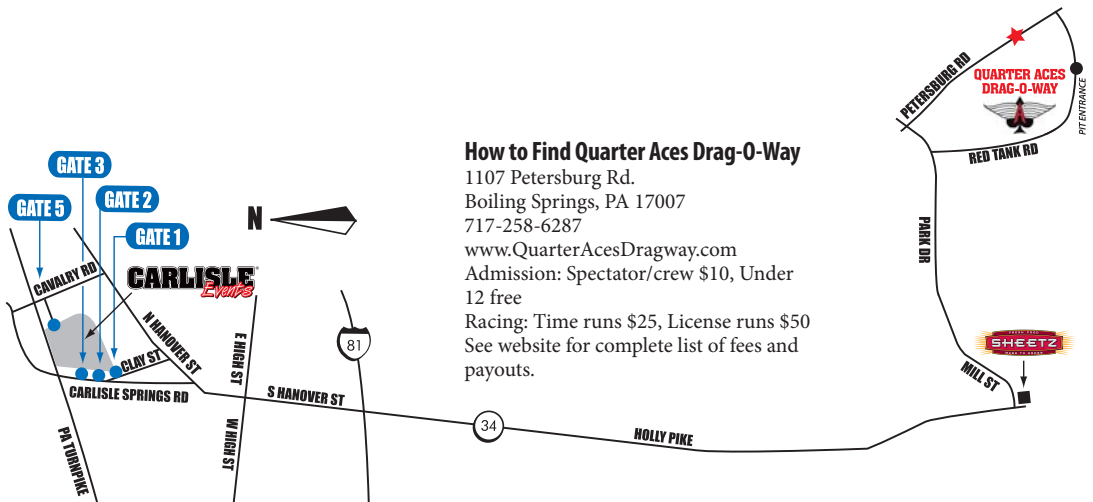

Provided by Modern Muscle Motorsports

These modern automotive performance enthusiasts specialize in modifying and tuning today's high-performance, fuel-injected vehicles. Their mobile dyno provides torque and horsepower readings for your vehicle. See map in centerfold for location. Fee applies.

Hotchkis Autocross & Ride-Alongs

If you missed it last year, be sure to hop in the Auto X Taxi and go for the ride of your life! Kevin Wesley will once again give rides in his Hotchkis-equipped '70 Satellite four-door. Yes, it has two extra doors, but that just means more room for passengers! With a big block, 5-speed, Hotchkis suspension and Kevin at the wheel it's sure to be more fun than any NYC taxi.

If you'd rather not be a passenger, the folks from Hotchkis will also be running an open autocross for anyone who wants to participate. Bring your car over to the autocross course, pass the tech inspection, then take your turn on the track. All registered Mopars are welcome to participate regardless of your car or your experience level. See what you and your car can do on the track!

SHOWFIELD

INVITATIONAL DISPLAY

VENDING AREA

Artwork Display by David Snyder

Celebrated automotive artist David Snyder is in Building T with a display of his automotive art featuring vehicles produced by Chrysler. Stop by and see firsthand his artistic ability as he is working on new paintings throughout the weekend. Snyder is also available to personalize his new book "The Automotive Art of David Snyder."

Classic Restos TV Show

Your car could be featured on international television! Mark "Fletch" Fletcher will be filming the Australian TV show, "Classic Restos," during the event. Your car or truck may be seen in Australia, New Zealand, the United Kingdom and here in the states. "Classic Restos" airs on TUFF TV, which is available in many major markets nationwide. When an episode is due to air, we'll post information on our Facebook page as to how you can watch.

Installations

A&A Auto Stores on the Midway is offering onsite performance exhaust installations from the top manufacturers.

Win a 470" Six Pack Engine!

Sponsored by Muscle Motors and Mopar Muscle Magazine

This year's giveaway engine is a 470" Six Pack featuring Edelbrock intake and valve covers plus a trio of carburetors from Holley. In addition, power comes from a 440 crank which has been transformed into a 3.91" stroke and uses a 7.1" rod. It is estimated to be more than 600 horsepower and nearing 700 ft./lb. of torque. While the prize won't come with an air cleaner due to product back order, it will have the fuel lines, throttle bracket and linkage. In general, this beast will be ready to run!

See the engine on display at the Muscle Motors booth on the Midway.

Vendors and showfield participants are already registered to win. Guests must register at Guest Services by 4 p.m. Saturday.

Midway, Vending Area & Swap Meet

Visit our partners on the Manufacturers Midway, find a vehicle in the Car Corral and shop the Swap Meet. You'll find new product manufacturers, accessories, parts and memorabilia. Vendors are listed by specialty and alphabetically in this directory. Title transfer services are offered at the Notary Office in the Pavilion. Financial services are available through Orrstown Bank, inside of Building T.

Off-Road Playground

Hosted by Rausch Creek Off-Road Park

Take your 4x4 for a drive on our onsite off-road course. Just drive to the top of the hill and sign up with our friends from Rausch Creek, then enjoy the drive. A show sticker (i.e. registered for vending or showfield), driver's license and proof of insurance are required.

Special Displays

Building G • Max Wedge Reunion

The building formerly known as Beeney Motors (the retro dealership) will be transformed with the most amazing display of Max Wedge Dodge and Plymouth vehicles assembled since the early '60s.

The logo for Muscle Motors, featuring the words "Muscle Motors" in a stylized, italicized font with a yellow and black color scheme.

The logo for Mopar Muscle, featuring the word "MOPAR" in large, bold, red letters above the word "MUSCLE" in smaller, bold, red letters.

The logo for Easy-Run Engine Test Stands, featuring the words "Easy-Run" in a large, red, cursive font above the words "Engine Test Stands" in a smaller, red, sans-serif font.

Official Rules: Vendors and showfield participants are automatically entered to win. Additional entrants must be legal residents of the fifty (50) United States and the District of Columbia or Canadian residents (except Quebec) who are at least 16 years of age (for Canadian residents, over the age of majority) as of May 20, 2013. Complete rules and regulations are available at www.carlisleevents.com.

SHOWFIELD

BURNOUT CONTEST

DAISY DUKES CONTEST

Building G • Max Wedge Reunion (continued)

Arlen Vanke is on hand with his '63 Max Wedge Plymouth and Roger Lindamood is here with two of his Color Me Gone race cars, his '63 Plymouth and his '64 Dodge. Other vehicles powered by The Orange Monster include a couple of convertibles, some rare paint colors and even a real four-door Maxie. The cars on display range from perfectly restored originals to ready-to-race. See pages 28-29.

Building Y • Female Owners Display

These cars are owned by women who are as into the hobby as much as any Mopar man. See page 22.

Building T • Invitational Display

See a variety of amazing cars. See pages 32-33.

Mopar Survivors • Row IB by Guest Services

Survivors are true time capsules that show how they looked right off the assembly line. See pages 18-19.

Showfield

Club Challenge & Coolest Hangout • Each year, clubs compete to see which has the most vehicles in attendance, and awards are presented to the top three. There is also an award presented to the club with the coolest hangout. See who won last year on page 38.

Mopar 'Top Eliminator'

For the sixth consecutive year, the Mopar® "Top Eliminator" program will recognize the "best of the best" — the most skilled Mopar enthusiasts and their restyled, customized and accessorized Chrysler Group LLC vehicles. Representatives from Mopar will comb the field in search of candidates for this prestigious award.

The long-running program shines a light on passionate and dedicated Mopar enthusiasts who display unmatched skill in modifying or preserving a classic or modern-day Mopar vehicle. This year's Top Eliminator winner will have his or her car displayed at the Woodward Dream Cruise in Michigan in the Mopar booth on August 17.

Rich Gengo of Piscataway, NJ, was named the third of four 2012 Mopar® "Top Eliminator" winners for his 1951 Dodge pickup truck at the 2012 Carlisle Chrysler Nationals.

Young Guns

Sponsored by Mopar Muscle Magazine

"Young Guns" is a showfield class limited to owners age 25 and younger, male or female. It is open to all Dodge, Chrysler, Plymouth and Jeep vehicles. There is an area reserved exclusively for these classes on the showfield. Judging is People's Choice, just like the other classes. This is a great way for younger people in our hobby to meet others and show off what they are doing with their cars.

Awards Presentation • See the winning vehicles from the showfield during the awards parade on Sunday at 1 p.m. in front of the Grandstand. The winners' list will be posted at 9 a.m. Sunday at Guest Services as well as on our website. Winners must check in to pick up their award and may choose to join the parade.

Next Generation Program

We have invited high school and college-age students and enthusiasts from several area technical schools to our event this year. They will be treated to special seminars, behind-the-scenes tours and discussions with industry professionals. This program began as an effort to promote and introduce the next generation of enthusiasts to the hobby. If you know of a young automotive enthusiast who would be interested in joining the program, please contact us at 717-243-7855 ext 113.

Vend and Spend at Carlisle and Keep the Swap Meet Massive

By Mike Garland

From the day Carlisle Events was founded in 1974, the swap meet aspect has been key to the success of the company. Events have been added, thrived and grown due, in part, to the success of something so simple, yet important, as a swap meet. The two biggest swap meets of the season, Spring and Fall Carlisle, start and end our Carlisle-based schedule, and overall, Carlisle Events has a hand in seven dedicated swap/vendor-based events. At Carlisle, the swap and car corral area comprises 8,100 spaces and during Spring and Fall Carlisle alone, a sell-out scenario is likely. In addition to our flagship events, Carlisle has incorporated a swap/car corral element into every show that it's associated with, including the 10 specialty shows within the Keystone State.

Onsite at the fairgrounds, some events have bigger swap meets than others but each serve a purpose to their audience. Aside from Spring and Fall Carlisle, one swap meet footprint is very important to both Carlisle management and the automotive enthusiast who have been supporting it since 1991; the one at the Carlisle Chrysler Nationals. Why, you may ask? The answer is simple. The swap and car corral base for the annual Chrysler event makes it the biggest all-Mopar-themed event of its type in the world.

There is a tremendous popularity for this event and the brand as a whole. Multiple events of its type take place annually, but no singular weekend can match what is offered each July at Carlisle.

Vendors that take part in the weekend run the gambit too, from those who purchase a single 10-foot-by-30-foot footprint, to others who occupy multiple spaces; there is something to be had for everyone at Carlisle and lots of it. This particular weekend hosts just over 2,700 eligible vending spaces, and just like the aforementioned 8,100 from Spring and Fall Carlisle, what's allotted during Chrysler weekend also fills up.

Two vendors that feel the weekend is worth their time and money are Legendary Auto Interiors from Newark, NY, and Kramer Automotive Specialties from Herman, PA. Each vendor secures multiple spaces for the weekend. Legendary Auto occupies N52-67,

O54-69, D49-52 and E51-55 while Kramer Automotive Specialties can be found at E87-98. Their products and reputations locally and regionally speak for themselves, but as companies, they help speak for the importance of the swap meet at the Carlisle Chrysler Nationals.

"To me, this event is the biggest and best all-Mopar-themed show around," said Jim Kramer. "I still do a lot of events, including a large one in Las Vegas, but by far, this event is my bread and butter. In fact, while I've scaled back with certain events, I don't ever see me doing that here," continued Kramer. "I've been part of weekends at Carlisle since the '70s, have been with Chrysler since day one and even helped organize special displays in Building T early on. I feel like Carlisle treats everyone very well too and recognizes the importance of vendors at events like this. We aren't treated like also-rans. This is just a special place to be and I look forward to it each year."

It's not just Kramer who feels that way, there are others just like him lining up to sing the praises of the largest all-Mopar-themed swap meet in the country. Another such success story comes via comments from Tony Mariano, sales representative and show manager for Legendary Auto.

"The size and scope is immense," said Mariano. "The swap meet at the Carlisle Chrysler Nationals allows for great marketing, advertising and sales opportunities for us. We have a large footprint here, bring most of all sales staff from New York and it's by far our biggest show of the year, both financially and footprint-wise." Mariano concluded by adding, "We do well at other events of this type, but at Carlisle, we have a lot more foot traffic and can easily get our name and product information in front of many more people."

So while the items for sale in the swap meet may vary, from a simple piece of chrome to something much more important, the story remains the same. Shopping the swap meet at Carlisle is a big deal. The summer months are a great time to work on projects at home, and being able to visit a swap meet such as the one at Carlisle allows for some great mid-project shopping.

All-Original and Unrestored

The best reference for restoring a car is to look at ones that are still the way they came off of the assembly lines. Stop by the Mopar Survivors tent and take lots of reference photos for your restoration project and enhance your knowledge. Even if you aren't restoring a Mopar, you owe it to yourself to see these historic treasures. They still have their original factory-applied paint, interiors and drivetrains, or at least a minimum of 85% of them. Carlisle Events thanks Mel Major and all of the car owners for bringing us the biggest and best Mopar Survivor display in the world. Pictured on this page are the cars being displayed for the first time in the Carlisle Mopar Survivors tent.

My Mopar Hero

Reprinted with permission by Chrysler Power Magazine — www.ChryslerPower.com
By Michaela Brass

I often hear people say that they bleed Mopar. I like to say that I have Mopar in my blood. It was back in 1957 that my dad's parents met at a local Chrysler dealer. The rest is a big-block-powered journey that led me to my 1971 Plymouth Road Runner and my 1972 Dodge Charger; a journey that earned me the nickname of "Miss Mopar" among my peers, and that shaped me into the woman I am today. A journey that I would like to share with you.

When my dad was 3 years old, my Pop Pop bought a 1962 Chrysler 300; a beautiful beast of a car equipped with a 305-horsepower 383 engine and push-button Torqueflite. The "Big C" served as the family tow vehicle, towing a travel trailer across the country multiple times.

As a child, I remember staring up at my dad in awe as he told the story of the hail storm they encountered in South Dakota. Golf ball-sized hail rained down on the Chrysler; it shattered the mirrors, dented the chrome and punctured the travel trailer. The Bermuda Turquoise paint, however, remained unscathed. My Pop Pop sold the "Big C" to his brother-in-law and purchased a 1972 Plymouth Fury Gran Coupe, which would later be lost to a garage fire. My dad's cousins would take the Chrysler down to Front Street in Philadelphia late at night and race for money. His one cousin boasted, "You wouldn't believe the money I've made off that car." All the while, my dad was studying engine machining in school and desperately wanted his old Chrysler back. He got his wish and bought the "Big C" back for \$65.

In 1980-81 my dad restored the Chrysler 300 to showroom condition and went on to win awards at every local car show, big or small. I can still feel the chills I would get when I would stand on the tips of my toes to look at all of his trophies sitting on the shelves. I had to be all of 3 years old and I knew that I wanted the same thing one day. He also had a 1970 Challenger convertible. When I was a child, he would strap me in the front seat and drive me into town to get an ice cream cone (yes, he let me eat orange sherbet in that car!). My childhood and my adolescent years were defined by weekend car shows or wrenching in

the garage. My great-grandfather, my Pop Pop, my dad, and my uncle were all employed at the Lansdale Chrysler, Dodge, Jeep, Ram in Montgomeryville, PA, and I would be so excited to visit them. I was fascinated by the sights, sounds, and smells of the shop. I too currently work there, making me a fourth-generation Chrysler employee.

When I was in my teens, I had my heart set on a Panther Pink Mopar. I found one — a 1971 Plymouth 'Cuda for \$75,000. My dad humored me while I listed the features and excitedly pointed out my favorite ones. I will never forget the words that followed, "Mick, why don't you and me fix up the Road Runner? It could be a fun project." I had never given much thought to the Road Runner. It was originally a creamsicle car; Tor-Red (HEMI Orange) with a white interior and a white vinyl top, with a 340 Pistol Grip four speed. The white top had been replaced with a black one and the bottom six inches of the body had also been painted black to cover up a less-than-perfect attempt at body work. There was next to nothing left to either quarter panel; the driver's side door was rotted; the frame rails were gone; there was no radiator support left, and there was a huge dent in the deck lid from a runaway tractor trailer wheel.

The next morning, I went out to the shed that we kept the Road Runner in, pulled the blankets off, and wiped the dust off the Road Runner decal. I fell in love. It's a project still in process today.

Thanks to whoever invented smartphones, I spent most of my college classes in the back row searching Craigslist and eBay for old Mopars. I was in one of my Criminal Psychology classes when I stumbled upon a 1972 Dodge Charger SE. My dad and I went to take a look. It was solid, but obviously neglected. Back at home, I told my mom how much I wanted it; she spotted me the \$200 that I was short. Although she didn't know a thing about Mopars, she was the best Mopar mom ever!

When we brought the car home, I took a step back and looked at it. The steering wheel was in the back seat, it smelled awful, and dirt was caked on the seats. There was greenery growing out of the manifold, it did

not have a carburetor, the transmission was frozen, and it had a full tank of 21-year-old gasoline. After a lot of diagnosing, we decided that it was best to rebuild the engine. I will never forget tapping out that first piston, the feeling of the heart of an engine falling into your hand while your dad (and MY Mopar Hero) watches over you. As I could afford to get new gaskets and replacement parts, we put the engine back together. On October 12, 2011, my dad put the last hose on. When I got home from work, he told me that we would be ready to fire the Charger up for the first time the next day. We spent the better part of the evening reminiscing on the whole process and he shared stories of his first complete engine rebuild. The next day, I was eager to get to work and back home so I could take my Dodge for her first cruise.

But then tragedy struck at 10 a.m. Just an hour after yelling "goodbye" to her, I learned that my mom had died from an undetected brain aneurysm. Needless to say, my world shattered around me and the Charger was the furthest thing from my mind.

On November 6, 2011, nearly a month after my mom's untimely passing, the whole family gathered around and my Daddy sat shotgun as I taped my mom's prayer card to the dash and fired up the Charger for the first time in 22 years. It was a cloudy, dreary day. I shivered as I held onto that steering wheel for dear life. It was the first time I had smiled in 25 days.

Life changes...the restoration process has slowed,

but my Charger and my Road Runner are becoming showpieces that I hope to share with my children someday, just as my dad shared his passion with me. I was able to fulfill my lifelong goal of parking my own muscle car between my dad's Chrysler and Challenger, and this year, the Charger will be in the All-Women's Invitational in Building Y. I am excited to see where this Mopar-powered ride of life takes me and I am so thankful to everyone who has and continues to support me along the way. Mopar or No Car! DRAG STRIP, SHOW FIELD OR ROAD RACE...

STREET-LYNX REAR SUSPENSION SYSTEM

Get rid of your poor-performing leaf springs with RMS' Street-Lynx triangulated 4-bar system. By separating the locating system from the spring, it's possible to drastically improve geometry, traction, and handling while using a lighter spring and shock to provide excellent ride quality and wheel control. No cutting or weld in a single crossbar between the factory frame rails. Coil-overs mounted ahead of the axle eliminate wheel hop normally associated with 4-bar systems, yet allow stock gas tanks to fit. Lower links bolt into stock leaf spring location with the included adjustable front mounts, or links can be used in conjunction with standard inboard relocation kits and mounted under the frame rails for increased tire clearance. Includes Viking Double Adjustable shocks, standard. Axle housing not included. Choose rear axle type you'll be using - 8.75/Ford 9 allows TTI tailpipes, Dana 60 will not allow tailpipes. Shipped with RMS' recommended spring rates and free shock adjusting wrench.

ALTERKITION COIL-OVER SYSTEM

The RMS complete suspension systems do more than save weight and add clearance. They're designed with precise geometry for optimum control, even when you touch down from high wheelstands or hit the brakes from 8-second speeds. Easy to install and work with, the Alterkition system bolts up to factory frame rails. Complete from connection to steering column down to the spindles. Engine mount options include complete mounts to block, all are poly bushed spool-type mounts. Powder coated gloss black and ready to install.

SL6-PISTON KIT

Add serious stopping power to your system with a 6-piston big brake kit. Requires 17" or larger wheels. Choose from slotted GT rotors, or drilled/slotted SRP rotors. Braided stainless steel brake hose included.

COMPLETE BRAKING SYSTEM UPGRADES, TOO -

HYDRAULIC POWER BRAKE PACKAGE

Hydraulic power brake assist works by plumbing into power steering lines. No need for engine vacuum. Complete with Hydraulic Unit, Wilwood tandem master cylinder, and all hoses/hardware. Compatible with any brake kit, stock or otherwise.

CLUB CHALLENGE

Welcome to the Club!

The four clubs recognized below, along with the others onsite, are part of the Carlisle Club Program. As part of this program, you have access to many perks such as a free tent, large-scale forum to showcase your group, the chance to be recognized in the event directory, at the Sunday Awards parade and more. The Club Challenge is determined by the most registered showfield cars per club, while the Coolest Club goes to the club that best showcases the fun they're having. E-Mail Clubs@CarlisleEvents.com for more details or call 717-243-7855.

2GN.ORG

1st 2GN.org

79 Registrations

Vehicles: Neon, 1995-2005

2GN.org was created in May 2004 to help bring together the owners of the second-generation Neon (2GN). Word spread over various Web forums, and within months the site had grown to be one of the most resourceful websites for the Neon. While the site is mainly focused at the second-generation Neon, many first-generation Neon owners as well as non-Neon owners also call the site home due to its friendly, fun and helpful atmosphere. We've grown to be very close friends, and in some cases, we think of each other as family.

NORTHEAST HEMI OWNERS ASSOCIATION

2nd Northeast Hemi Owners Association

69 Registrations

Vehicles: All Chrysler, All Years

Although we have "Hemi" in our name, we're not strictly for Hemi owners. We're a club for all Mopar enthusiasts and their families. The NeHOA was formed in 1976 and incorporated in Delaware in 1977. As many non-Hemi Mopar owners became interested the NeHOA has become one of the oldest and strongest Chrysler clubs in the country. We currently have approximately 170 members. The NeHOA holds two meets annually over the Memorial Day (2012: Jim Thorpe, PA) and Labor Day (2011: Rochester, NY) weekends at locations throughout the northeastern United States.

MOPARTS.COM

3rd Moparts.com

58 Registrations

Vehicles: All Mopar, All Years

Moparts.com is an informative, fun, family-friendly, Web community centered around classic Mopars and the related car/race/restoration/cruise-in lifestyle including a large free classifieds section. With an amazingly varied background of 20,000-plus members ready and willing to help you in any way, Moparts.com is the cyber home of Mopar enthusiasts worldwide!

Old Muscle, New Muscle, Daily Driver, Survivor, Project or just a nice ride

The East Coast Car and Truck Club of New Jersey had a Christmas in July-themed club tent complete with a decorated Christmas tree, fake snow, lights, Santa suits and candy canes. It was definitely the coolest club hangout. The East Coast Car and Truck Club was founded on the premise that auto and truck enthusiasts share a common love for anything on four wheels. We support local and national charities as well as promote pride and education within the community with regards to the ownership of all types of vehicles.

AutoTraderClassics.com

AutoTraderClassics.com is the best place to find and sell classic and performance cars without leaving your seat. On AutoTraderClassics.com, you can search thousands of classic cars from dealerships and private sellers, find a comprehensive inventory of both parts and accessories for maintenance, restoration and even custom builds of classic vehicles, and list your classic car for sale to reach over a million shoppers every month. AutoTraderClassics.com also provides enthusiasts with a one-stop shop for resources on how to select, appraise, finance, purchase, transport and maintain the car of your dreams. Plus, there's always in-depth editorial content, classic-car photos and information about events across the country. That's AutoTraderClassics.com ... the Preferred Collector Car Marketplace of Carlisle Events.

Gumout Performance Chemicals

Gumout® Performance Chemicals deliver the technology to progress automotive performance, with products blended specifically to clean, protect and enhance critical parts of your car. Our products are designed with the expertise of an array of scientists, with years of experience in developing fuel and engine additives for today's drivers and specialized users.

Whatever the vehicle, whatever the concern, our comprehensive line of fuel additives offers targeted solutions to fulfill a vast range of needs. From advanced fuel additives to complete fuel system cleaners, Gumout® utilizes the latest technology to improve the lives of those who use them.

Since 1945, Gumout® has been the trusted automotive expert for some of America's finest retailers. Gumout® Fuel Additives, including our Fuel System Cleaners and Fuel Injector Cleaners, remove deposits resulting from low-quality gasoline, allowing a vehicle's critical parts to work more efficiently. A number of our products can even prevent future deposit buildup, which helps restore the engine to peak condition and maintain its performance for years to come. With a comprehensive range of product formulations for just about any type of car, truck, diesel or flex-fuel vehicle, we're your one-stop vehicle maintenance supplier. Visit us at www.gumout.com.

Heacock Classic Insurance

Have you ever wondered what collector-car insurance is all about? It's simple: "passion." Heacock Classic Insurance knows that collector cars receive better care and are driven less than the family vehicle, therefore, classic car insurance rates are lowered. Our goal is to offer a custom, low-cost program designed to fit your needs. Collector car insurance

from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and your right to choose your own repair shop if your car is damaged. You also get to choose zero deductible and automatically get \$50,000 coverage for 30 days when you purchase a new classic car. After you request a quote, a status report is usually ready within 24 hours. Then we will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to properly protect your investment. Call us today at 800-678-5183 or online at www.HeacockClassic.com

American Car Collector

It's no secret that American car values have been on the move over the past few years, both up and down. It pays for buyers, sellers and owners to know exactly what's going on in the marketplace at any given time, and that information is exactly what American Car Collector magazine does best. Each issue of ACC contains more than 100 market reports on individual cars that have appeared at auction, with published sold prices highlighted by on-site evaluations that cover condition, originality and options. Not only do we tell you what a car sold for, we help you understand why. Every issue also includes in-depth profiles on cars from GM, Ford and Mopar, joined by Hot Rod, Race Car, Corvette and Truck. Whether you have one car or 20, ACC has the information that'll keep you on top of what's happening in the American collector-car world. Subscribe at americancollector.com.

Meguiar's

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear show-car perfect. They provide quality products for every surface of your vehicle — inside and out. Meguiar's Customer Care Center is available six days a week to answer any car-care questions you have at 800-347-5700. Or join the discussion on facebook. or their online discussion forum at www.meguiarsonline.com. "People who love cars love Meguiar's."

RockAuto.com

RockAuto ships thousands of auto parts from over 200 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!
