Spring CARLISLE®

April 23-27, 2014 • Carlisle, PA

Welcome to Spring Carlisle during the 40th anniversary year of Carlisle Events. We hope you are successful in your search for parts, cars and automobilia; and if you need a little help, stop by Guest Services. The event map and hours located in the centerfold of this event guide and vendor lists are in the back.

There are 6,500 vending spaces in the swap meet where you'll find a wide variety of new and used parts, accessories, collectibles and vehicles. Be sure to visit the vendors on the manufacturers midway, located north of the grandstand.

Our car corral has a rotating inventory of 1,600 spaces. As vehicles are sold, our vendor services office recycles the spaces. For your convenience, you can get financing assistance from Orrstown Bank in Building T and notary services in the car corral office at the pavilion.

300+ vehicles will cross the auction block on Thursday and Friday beginning at 3 p.m. in the Carlisle Expo Center (outside Gate 3). Carlisle Auctions is back with a new **free unless sold** policy for consignors and lower fees across the board.

The Hot Rodders of Tomorrow are high school students working in teams to tear down and rebuild small block engines. The group with the fastest time receives scholarship money and a chance to win a trip to the finals in Indianapolis. See them on the stage this weekend.

See the hottest automotive aftermarket products in the ARMO tent in front of the stage.

And, new this year is a Women's Oasis with vendors the ladies will enjoy. See map for location near Gate 3.

Thank you for joining us; we look forward to your visiting again this summer. A full schedule of our events is on the next page.

NEW Women's Oasis

Attention Ladies! Stop by the *new* Women's Oasis Tent for a relaxing, non-automotive experience. Visit with our amazing vendors and artisans selling products such as jewelry, handmade crafts, accessories and handbags, unique clothing and kitchen must-haves. Enjoy a tropical, healthy smoothie or just enjoy a little time without mufflers, tires or engines. See map.

The ARMO Hot Products Showcase

ARMO is the SEMA council whose mission is to preserve and promote the automotive restoration industry and hobby. The display features the "hottest" and most sought-after restoration products on the market. Visit the tent in front of the grandstand.

Manufacturers Midway & Swap Meet

Visit our partners on the Manufacturers Midway and shop the swap meet. You'll find new product manufacturers, vintage accessories, parts and memorabilia. Vendors are listed by specialty and alphabetically in this directory. Financial services are available from Orrstown Bank inside Building T.

Hot Rodders of Tomorrow Competition

The Hot Rodders of Tomorrow is a high school-level engine build competition for over \$1 million in scholarship money. See students compete for time and accuracy as they tear down an engine and rebuild it on the stage.

Car Corral

The car corral is where you'll find all varieties of make, model and condition of vehicles for sale. Deal directly with the owner. Notary services, including temporary tags, are available in the pavilion office.

Worship Service

A non-denominational worship service is held by The Salvation Army Sunday at 9 a.m. in the grandstand. Coffee and donuts available.

POP THE HOOD WITHOUT LEAVING YOUR SEAT

More search options help you find what you really want. Larger than life photos let you zoom in on the details — as if your dream car is right in front of you. So go ahead, grab a seat and get comfortable — the car of your dreams may be closer than you think.

COLLECTOR CAR AUCTIONS: **Tips on Buying and Selling**

By American Car Collector Staff

Buying and selling classic cars at auction can be intimidating. But when you really boil it down, an auction is just like any other transaction that involves haggling. If you're new to auctions, here are some tips that will start you on the right path:

Buyers

Talk to the seller of the car or at least read the description sheet displayed on the windshield. If the information stated on the sheet doesn't match what you're looking at (i.e., matching numbers, questionable mileage or claimed history you know isn't true), let the auction company know about the discrepancies. In most cases they will do their best to check out the questions you may have about the car.

How much you should pay?

Educate yourself on the selling price of the type of car you're interested in. Both Sports Car Market and American Car Collector magazines are fantastic guides to the classic car market, and our online databases are powerful tools to help you decide exactly what a car you're looking at is really worth. You can learn more and subscribe

at www.sportscarmarket.com and www.americancarcollector.com.

Bidding against others who want the same car as you can bring out your inner warrior. Once you decide what a car is worth, you need to determine in advance just how far you are prepared to go, and be sure to stick to that number.

Bid on a car. Make sure you're in clear view of either the ringmen or the auctioneer. Being discreet with your bidding can be tough at a public auction, but if you let the auctioneer know of your bidding intention before the car gets to the block, he'll make sure the ringmen leave you to bid on your own, while watching out for you at the same time. If you wait until the final seconds to put your hand in the air, and haven't told the auctioneer you're a player on the car, your bid may be missed.

Sellers

Setting your price. Do your research. Try to find examples of your car that are similar in condition to get an idea of what you can expect to get for your car — SCM and ACC both contain hundreds of sold cars in every issue

with detailed write-ups on their conditions and sale prices, which can really help out here.

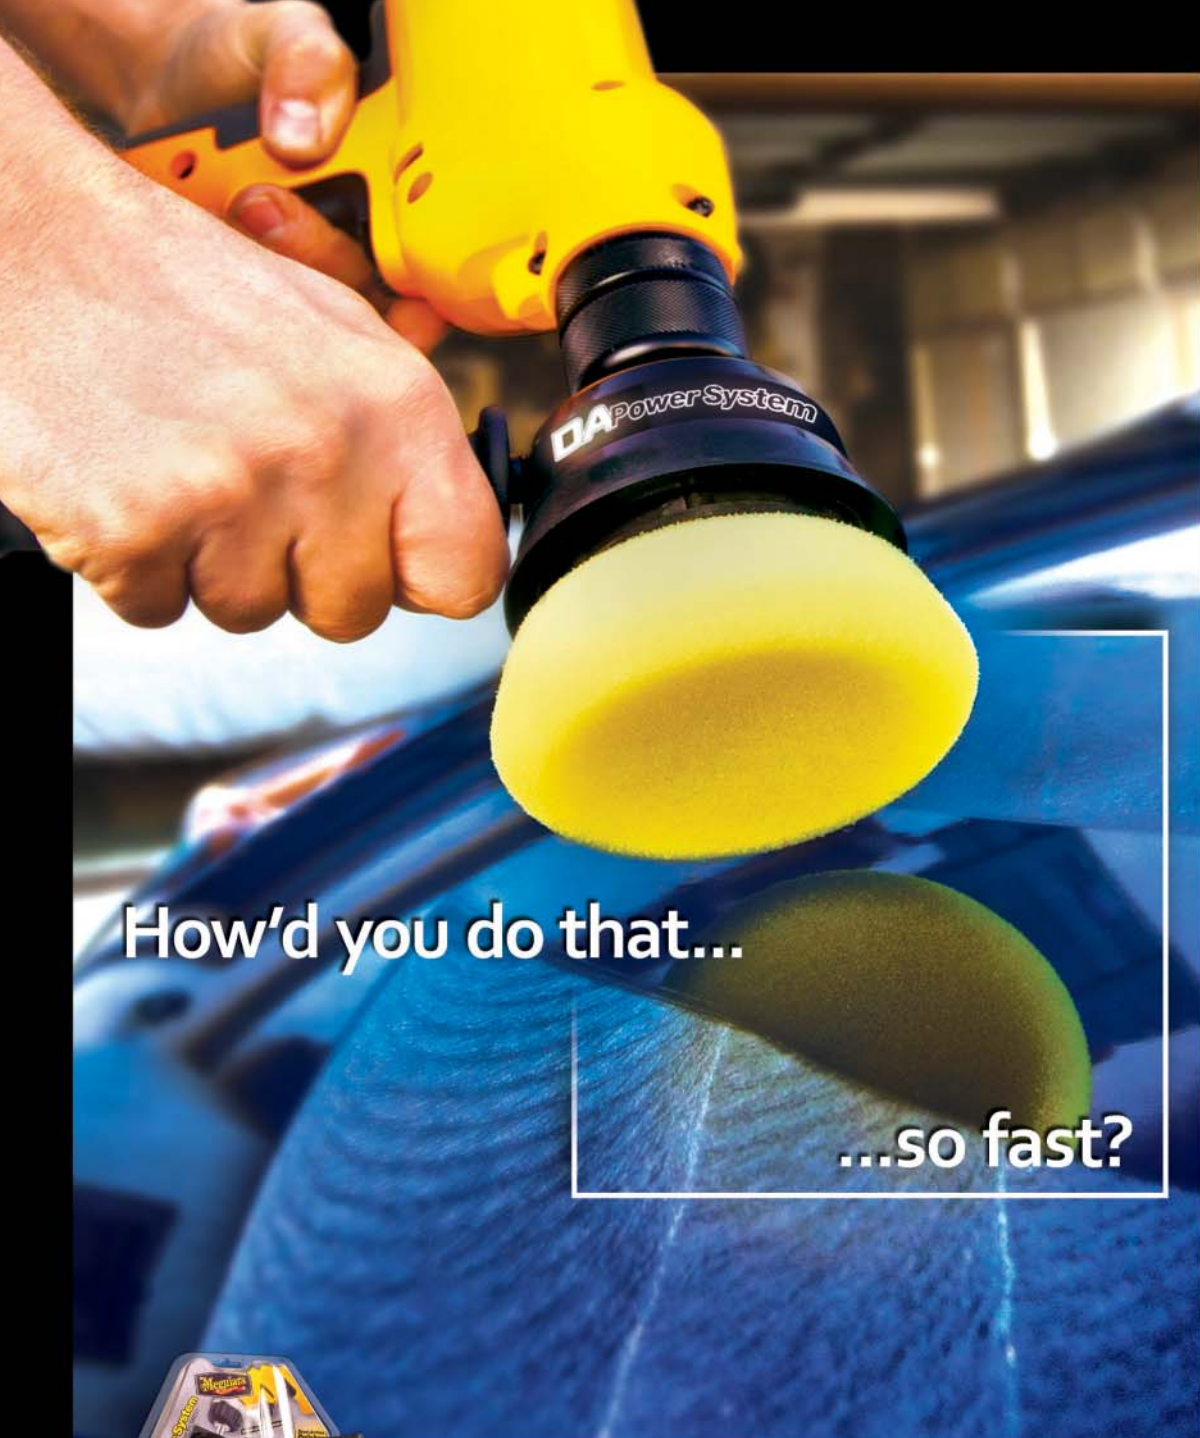

When you call to consign your car, ask if there is someone who can provide you with a price that you might expect at the auction. Remember, you're paying the auction company both an entry fee and a consignment fee to sell your car, so don't be afraid to ask questions about the selling process.

Picking a time to sell your car.

Many consider the halfway point of an event to be the prime selling time, as attendance is usually at its peak. Also, if the auction is going well, the momentum of selling one car after another tends to keep prices up. At the same time, if you have a desirable car that is priced right, the buyers will bid on your car whether it runs as the first car or the last car of the day.

Be there to answer questions.

This can make the difference between your car selling and you hauling it back home. If the auction has done its job and brought the buyers in, then it is your job to give them the information they need to convince them to bid, and keep bidding.

How'd you do that...

...so fast?

It's easy...with the right tool.

VENDOR PROFILE: JOHN DASHIELL III

Selling at Carlisle for 40 Years

By Mike Garland and Shannon Hamblin

We're currently two dates into our 40th Anniversary schedule and Spring Carlisle is our third of a scheduled 14. The story behind the history of the company has been told many times and that story is being honored all season long here at Carlisle.

In 1974, anyone interested in restoring or showing 1950s- or 1960s-era cars had few options. That all changed when Chip Miller and Bill Miller, Jr. became friends through their mutual interest in cars of the 1950s. Together, they attended car shows and swap meets where like-minded individuals would hunt for parts and accessories to restore their vehicles. A need for these events became obvious to these two men in 1973. Until that time, the only cars deemed worthy to collect were pre-WWII automobiles. What started in 1974 by two friends has evolved into one of the most revered collector car events

companies in the world.

The backbone of our events are our vendors and along with Bill Miller, co-founder of Carlisle Events, some vendors have been with us since day one at Post War '74 (now known as Fall Carlisle). What these vendors sell varies, as do the reasons why they started with us in 1974 and continue with us today. We truly appreciate all our vendor support over the years.

John Dashiell III of Pasedena, Maryland, has been part of the "original gang at Carlisle," since day one. He has been coming since the spring show first started in 1977 as well as the first fall show in 1974, and he hasn't missed a single year. He sells cars, parts and memorabilia such as old oil cans from his vending spaces at N116-121. During his first year at Carlisle, he sold a 1940 Ford for \$1700. His interest in becoming a vendor sparked when he decided to sell the vast accumulation of

parts he had been collecting in his parents' garage.

As an active attendee of the Hershey show, he knew the event promoters restricted anyone from selling cars or parts post-1948. This was a problem for Dashiell since that's what most of his parts were. When Bill and Chip started the events in Carlisle, Dashiell and his friends packed up their car parts and made their way to the new show.

For years, Dashiell owned a small business called "Brooks Specialty Cars and Parts." He decided to start this small business after the stock market fell in 1987 (Black Monday). "Many investors began investing their money on material items such as art or collectable antique cars. Prices of collector cars soared. For example, 1967 Big Block Corvettes went from \$18,000 to \$60,000 within 6 months," exclaimed Dashiell. Although he no longer owns that business, he is still an active and

well-known vendor at Carlisle.

There are numerous reasons besides making money that keep Dashiell returning to Carlisle. He has made many close friends over the years — mostly vendors and customers whom he loves to catch up with whenever he is here. He has made many fond memories over the last 40 years. “One of the memories I have was always eating at ‘Dukes’ whenever I came,” said Dashiell. “I also think about the times of being stuck in some crazy snow/rain storms. Just coming to the event itself is a great memory.”

It has been astonishing for him to see how the events have grown since the seventies. “The shows have grown so much and turn out fabulous every year. It is so amazing to see how much bigger and better it gets whenever I come.” The growth of this show along with the annual show in Hershey has amazed him so much, he plans to someday write a book about it. It would contain information gathered by Dashiell regarding the past, present and what he thinks is in store for the futures of the two shows.

How To Get The Most Out of the Swap Meet

Simple Steps To Better Parts Hunting

By Jim Pickering

The Spring Carlisle swap meet is one of the largest events of its kind in the world, with 8,100 vendor spaces spread out across 82 acres. If you're looking for a new project car, or a specific part for the car or truck you already have, this is the place for you.

But with so much to see and do, it's easy to get sidetracked. Here are a few tips to help you make the most of your day, and to help you find exactly what you're looking for.

1. Remember — everything's a negotiation.

Just because the owner of a GTO project is asking \$10k doesn't mean he won't take \$7k. Don't be afraid to make offers on the parts or project cars you find. The seller will either say yes or no.

2. Be on site early.

The best deals always go quickly so being on-site early is key. Also, items move fast so if you come across a car or part you really want or need, buy it right then and there. If you take the time to think about

it too long, chances are it'll be gone when you come back.

It's also smart to study the map and learn the layout of the swap meet. Try heading to the dead center of the event first, as most people will start hunting near the gate.

3. Stay until the end.

This is just as important as being early, as there are always vendors who simply don't want to take their items home with them. Prices get cheaper as the event winds to a close — great deals are always scored in the final hours.

4. Build a wish list.

Have a list of needed items in your pocket to help keep you on track, and know what they look like. Similar year parts can be hard to tell apart, and you don't want to buy a '64 Impala taillight when you really need a '65.

5. Cash talks.

Be sure to have cash on you — at least enough for the parts you want to buy. Doing so means you can avoid needing to hit up an

ATM if you come across the deal of a lifetime — if you take 15 minutes to run to the ATM, you could miss out. Plus, if you're bartering on the value of something, like a set of perfect Cragar S/S wheels, cash in hand can help seal the deal at under the initial asking price.

6. Power in numbers.

You've got a lot of ground to cover. Why not bring a friend and split up? And if you do, have cell phones handy so you can alert your buddy when you find the perfect part for his or her project.

7. How are you getting stuff to the car?

Say you buy a front fender for a '68 Mustang. Are you going to carry it out to the parking lot? Bring a small wagon if you can, or you can get a cart from Guest Services. That way, you won't be stuck carrying the parts you buy. Carlisle Events now offers motorized parts hauling — just make your request at Guest Services or to any Security personnel. Either way, it will only cost you a donation to the Chip Miller Charitable Foundation.

GUEST PROFILE: JIMMY HJALMARSSON

From Sweden to Carlisle – To Buy a Car

By Mike Garland

Carlisle Events claims that an international audience attends our events and it really is true. With a schedule of 14 events, it's a safe bet that at least one person at every show is from a foreign country. In my three seasons here, I've encountered people from Canada, Iceland, England, Germany, Brazil, Australia, France and New Zealand.

We welcome nearly a half million people each event season. Some folks come because attending a show at Carlisle is on their bucket list. Some come because it's an annual pilgrimage and some, like Jimmy Hjalmarsson of Sweden, come to look for cars ... and because he's heard so much about Carlisle Events in trade publications and on the Internet.

Jimmy is from Stockholm, Sweden, to be exact. Until Jimmy, I had only met one other Swedish person. You think Sweden, you think Swedish meatballs and that goofy chef from the Muppets. Jimmy enjoys meatballs but calls them köttbullar and is fond of the goofy Muppet guy.

Jimmy is a 42-year-old construction worker, primarily focused on keeping the roads of Stockholm smooth and bump free. Jimmy is a car guy through and through and has had a long-standing interest in old American cars. His love for classic American cars is an affliction that he can trace back to his youth.

"I've always been interested in American-made cars. 'I've bought maybe 20 cars in my life that are American-made and right now I own three,'" explained Jimmy. "In my collection are a 1962 Buick Invicta, a 1949 Pontiac Silver Streak and a 2005 Dodge Daytona. I guess you could say I drive the Daytona the most though."

Jimmy doesn't just collect cars, he enjoys them with low miles too. The Buick has just 29,000 miles and is unrestored and like new. That car was actually bought at Fall Carlisle in 2012, but Jimmy wasn't the original buyer. He bought it from someone in Sweden. Jimmy's other car, the '49 Pontiac also has low miles, 42,000 to be exact. It was a two-owner car and he bought it online from someone in Texas.

When Jimmy first came to Spring Carlisle in 2013, he knew *America's Automotive Hometown* was a must-visit destination because of all that the spring event offers. Jimmy really wanted to add a 1966 Plymouth to his collection last year, but he admits that for his first time around, he might have been just a bit too slow. By the time he checked on transport and storage, the Plymouth (and the moment) were gone.

"I'm so happy to be back at Carlisle this weekend," continued Jimmy. "In Sweden we have a meet called Power Big Meet in a town called Västerås. It's Europe's biggest show and hosts well over 10,000 American-made cars spanning from 1930-1990," noted Jimmy. "That show is great but as true swap meets go, I have also been to the Pomona, CA event three times. Since my first visit to Carlisle, I already know that I like Carlisle best. I've got 'the fever' and this time around, I have experience and know what I need to do. I want to buy two cars and visit the swap meet to get materials for my other cars," concluded Jimmy.

2014 Season Overview

By Mike Garland

What makes Carlisle, Pennsylvania so unique? If you are here today or have been to another show backed by Carlisle Events, you know that Carlisle, PA and the Carlisle Fairgrounds are one of the preferred automotive destinations for enthusiasts and collector car hobbyists worldwide. The 2014 season marks the 40th Anniversary of Carlisle Events. This season, we will back not only our flagship event, Fall Carlisle, we will also support 13 other weekends (14 in total) that satisfy the automotive palates of nearly a half a million enthusiasts annually.

Though the number of events produced by Carlisle Events has fluctuated, ballooning to as many as 17 between the 2012-13 seasons, the events presented this year aim to offer a wide-spread sampling of all that the hobby has to offer.

The best part of attending an event with us is that there is something for almost every automotive interest. Carlisle Performance & Style, our next event, is a youth-based event and

showcases the hottest emerging automotive trends. After that, the Carlisle Import & Kit Nationals showcases vintage and modern imports and is the largest kit car show in the country. The Ford weekend in June is celebrating 110 years of Ford Motor Company and the 50th Anniversary of the Mustang. There are several GM model anniversaries this year and our event is focusing on the GTO. The Chrysler Nationals in July welcomes the Race Hemi Reunion, a celebration of 100 years of Dodge, 50th Anniversary of the Barracuda and an A12 Reunion.

With three events in August, enthusiasts have their choice of the Truck Nationals or Corvette show in Carlisle and the all-make and model event in Bloomsburg, Pa. The schedule closes with our second annual Sports & Outdoor Show, Fall Carlisle and Fall AutoFest in Zephyrhills, Fl.

We hope you enjoy your visit and always welcome your suggestions. Call or send us an email with your thoughts. 717-243-7855 or info@carlisleevents.com

American Car Collector

It's no secret that American car values have been on the move over the past few years, both up and down. It pays for buyers, sellers and owners to know exactly what's going on in the marketplace at any given time, and that information is exactly what American Car Collector magazine does best. Each issue of ACC contains more than 100 market reports on individual cars that have appeared at auction, with published sold prices highlighted by on-site evaluations that cover condition, originality and options. Not only do we tell you what a car sold for, we help you understand why. Every issue also includes in-depth profiles on cars from GM, Ford and Mopar, joined by Hot Rod, Race Car, Corvette and Truck. Whether you have one car or 20, ACC has the information that'll keep you on top of what's happening in the American collector-car world. Subscribe at americancollector.com.

Heacock Classic Insurance

Have you ever wondered what collector-car insurance is all about? It's simple: "passion." Heacock Classic Insurance knows that collector cars receive better care and are driven less than the family vehicle, therefore, classic car insurance rates are lower. Our goal is to offer a custom, low-cost program designed to fit your needs. Collector car insurance from Heacock Classic provides "Agreed Value" coverage, full coverage during restoration, coverage for modifications, and you choose your own repair shop if your car is damaged. You also get to choose a \$0 dollar deductible and automatically get \$50,000 in coverage

for 30 days when you purchase a new classic car. After you request a quote, a status report is usually ready within 24 hours. Then we will contact you to review it and hopefully activate your new insurance policy. It's simple, easy and the best way to properly protect your investment. Call us today at 800-678-5173 or online at www.HeacockClassic.com

AutoTraderClassics.com

AutoTraderClassics.com is the best place to find and sell classic and performance cars without leaving your seat. On AutoTraderClassics.com, you can search thousands of classic cars from dealerships and private sellers or you can list your classic car for sale to reach over a million shoppers every month. AutoTraderClassics.com also provides enthusiasts with a one-stop shop for resources on how to select, appraise, finance, purchase, transport and maintain the car of your dreams. Plus, there's always in-depth editorial content, classic-car photos and information about events across the country. That's AutoTraderClassics.com ... the Preferred Collector Car Marketplace of Carlisle Events.

RockAuto.com

RockAuto ships thousands of auto parts from over 300 manufacturers to customers on every continent except Antarctica — including APO/FPO addresses. The RockAuto catalog is updated daily with mechanical parts such as brake pads and shock absorbers, body parts such as bumpers and mirrors, interior trim such as door handles and carpets, and major assemblies like steering gears, CV

axles, engine long blocks, and complete transmissions. There are no mechanics on staff (RockAuto is a store, not a repair shop) but service manuals are available to help customers learn how to perform a repair. The RockAuto catalog is expanding constantly. Someday, it may be possible to build an entire car using parts from RockAuto!

Meguiar's

For over 100 years, Meguiar's has shared its passion and pride for the car hobby and for making cars appear show-car perfect. They provide quality products for every surface of your vehicle — inside and out. Meguiar's Customer Care Center is available six days a week to answer any car-care questions you have at 800-347-5700. Or join the discussion on facebook or their online discussion forum at www.meguiarsonline.com. "People who love cars love Meguiar's."

Montway Transport

Montway Auto Transport is an award winning, BBB accredited and 5 star consumer rated company servicing all 50 US States. Our white glove approach to customer service includes door-to-door pick up and delivery including full insurance coverage at no additional cost. By operating as both a carrier and a broker, Montway has access to a large fleet of open and enclosed trailers, allowing us to move vehicles of all kinds including cars, trucks, vans, SUVs, classic cars, exotic cars, luxury vehicles and much more. It is this dedication to service that has Montway MILES AHEAD of our competition.

Conditions

Dangerous or slippery conditions can exist on the Fairgrounds. Due to the nature of the goods displayed, heavy equipment and moving vehicles are present. Carlisle Events cannot be responsible for the conduct of vendors

and patrons entering the premises. Those who enter the Fairgrounds do so at their own risk.

Driving On-Grounds

For safety reasons, the use of all personal means of transportation (bikes, scooters, golf carts, ATVs, motorcycles or minibikes, etc.) is forbidden on the Fairgrounds from 7 a.m. to 5 p.m. on all show days. No unlicensed drivers may operate these vehicles at any time. Verification of insurance is required.

Smile! You May Be On Camera

When entering the Carlisle Fairgrounds or Carlisle Expo Center, you might notice that filming and photography are going on. By attending any Carlisle Productions event, there is implied consent, and you agree to give Carlisle Productions and authorized filming and/or production companies and/or media outlets the right to film, photograph, record your name, nickname, picture, biographical material, voice and/or likeness and to use in any manner of media in connection with the event or future events and the advertising and promotion thereof. The same holds true for any vehicle, product or any other item you display or bring to the event. You also agree to the broadcast, production, reproduction, printing, distribution and exhibition of any such photographs and/or recordings of the event, and any programming derived from the event, by any and all means, media, devices, processes and technology now or hereafter known or devised anywhere in the universe at any time in perpetuity as Carlisle Productions or any of these authorized producers, filmmakers, photographers and/or media outlets elect without compensation of any kind to you.

YOUR TIME AND EFFORT DESERVES THE WORLD'S FINEST CHROME!

Chrome isn't just chrome. At Advanced Plating we take the time to ensure that your parts are perfect. Modified or original, we strip them to their raw material, followed by meticulous repair & restoration, before the plating process. It is always your parts from start to finish. We strive for perfection! Plus, if you are looking for something other than chrome, we offer a full line of alternative finishes. Contact us now for a free quote and more information. *Don't forget we also sell the finest chrome plated accessories available.*

Vendor Values!

Multi Show Discounts

If you purchase vending space at 5-6 events during the 2014 season, you will be eligible to receive a 5% discount on your total vendor fees paid. Purchase space at 7 or more events and receive a 10% discount.

Early Bird Special

If you are vending at one of our events and renew those spaces for 2015 before the show is over, you will receive a 5% discount on your 2015 space renewals.

Free Space

If you have not purchased space at one of our events, now is the time to do so. Purchase two spaces at a new event and receive a third space FREE.

Free Specialty Listing

Every vendor is entitled to one free specialty listing in the event guide for each event they attend. Help your customers find you, return your order form today!
